OFFICE OF THE EXCISE COMMISSIONER IN MYSORE.

DATED BANGALORE, ~~2nd~~ 14th October 1905.

From

P. N. Purnaiya Esquire B.A.

Excise Commissioner in Mysore.

To

B. K. Venkatavaradiengar Esquire

General and Revenue Departments.

Sir,

With reference to Government Proceedings No. $\frac{\text{Fl. } 2240\text{-}9}{\text{S.R. } 17\text{-}05\text{-}4}$ dated 21th September 1905 reviewing the results of the sales of arrack, Toddy, and drug shops for 1905-06 and stating that the subject of placing a separate Assistant Commissioner in charge of each of the districts of Hassan and Chitaldurg should form an independent command, I have the honor to submit that my No. 19 dated 20th July 1905 was the

the report on the sales of the year
in question and that this office No. 23
of the same date was submitted by
me as an application for addition
-al officers. My remarks relating
to comparative results were meant
to bear out my case which is that
the normal revenue in Chitaldurg
Shemoga, Kadur and Hassan has
not been made steady against
unnecessary fluctuations which
could be prevented, and that such
prevention could not be effected
except by a more thorough watch-
-fulness over the working of the
Range Inspectors and more de-
-tailed organization of the gener-
-al Excise Administration of each
of

of these services. The revival of the employment of exclusive District Assistant Commissioner for each of the two districts viz Chickballapur and Hassan which are now coupled with Shemoga and Kadur Districts respectively. I enclose extracts from my last Administration report wherein I have dealt with this matter A year has gone by already and I trust that Government will now be pleased to sanction the establishment as prayed for as early as possible

"The Shemoga Division comprising the two revenue districts of Shemoga and Chitaldrug is the largest in area, consisting of 8046 square miles Population is ten Lakhs and thirty thousand Shops of all kinds number more than 780 Portions are heavy malnad Rangers in not very well opened out country. In more open parts it is inhabited by Lambanees."

OFFICE OF THE EXCISE COMMISSIONER IN MYSORE.

DATED ~~BANGALORE~~ Camp Chitaldroog, 13 November 1905.

From

P. N. Purnaya Esqre B.A.

Excise Commissioner in Musore.

To

C. K. Venkataravaradaiyar Esqre.

Secretary to the Government of His Highness the Maharaja of Mysore,
General and Revenue Departments.

Sir,

Adverting to this office no 23 dated 20/24/7/05 applying for the services of two assistant Commissioners for the Excise work of the Hassan and Chitaldroog Districts, I have the honor to solicit the favor of early orders. I have taken the liberty of reminding the Government for which I beg to be excused for I am constrained to say that in my present tours in these districts, I have been fully convinced, and the deputy Commissioners support me in this

Hassan & Chitaldroog

this commission that to maintain the efficiency of the Department and the permanence, if not improvement of our present Revenue, these Districts should each have an Assistant Commissioner solely for the Excise work. The arrangement of having one assistant for two Districts has been found inconvenient and neither of them could claim to have efficient supervision

2. I visited almost all the Taluks in these Districts, inspected date groves supplying toddy to shops in and outside the Mysore State, examined the Excise work in Taluk and Range offices, looked into the state of Excise collections and made enquiries about the general working

working of the Department
The result has been that want
of more efficient routine super-
vision to [illegible]

[illegible] are the [illegible]
cultivated from the knife of the
cryot or mat or basket-maker.
Few are the trees the leaves of
which have not been cut. In
some cases, the main shoots
are not spared. [illegible] the
the yield of toddy will be seriously
affected if proper measures are
not adopted for the checking
of this ruthless mischief and
the activity of the Revenue and
Police staff aroused now and
if already the toddy contractors
have been

have been complaining of the
scarcity of tappable trees.

In the Chitaldroog District
several Taluks have been resettled
and in the settlement lands
have been assigned for the purposes
of State toddy Revenue. The date
trees thereon have to be allotted
to various shops in and outside
the District. The revised village
maps are not yet supplied
to the Excise Department or
to the Taluk. The Survey fields
have to be identified with the
help of the old maps and
the settlement papers and those
assigned for the State toddy
Revenue have to be marked out.

Hereafter

Thereafter, date wise standing

Roll should be counted

as accurate as possible the shop

having claim on men should be

ascertained men demand should

be fixed and a fair distribution

of the tees should be made

among them. This work which

the Government will be pleased

to see is an important one,

could not be entrusted to

the subordinate officers but

should be done only by the

Divisional Officer if further it

has to be done without any

and before the sales of the

ensuing year when are pass

approaching. The present Divisional

Officer cannot undertake it

without

without seriously affecting
the work of the Shimoga District,
for he has to stop for sometime
in each Taluk. The revision
survey of Chellakere is to commence
on the 20th instant and the Divisional
officer cannot leave this Taluk
till this revision survey is
completed For it will be
then that the list of reserves
will be finally settled

In the Hassan District,
the list of Wake reserves of
the Arsikere Taluk had been
pending for some years
When I visited the Taluk the
month, I availed myself of
Mr Wetherall's help and settled it.

But

about the appropriation of the reserves has to be attended to hereafter.

The arrears of Excise Revenue on account of previous years in the Chittaldroog District amount to [illegible] half a lac of Rupees and I am glad to say that the Deputy Commissioner has been taking vigorous steps towards their clearance. Even Mr Ramanujiengar feels the want of an Assistant who would devote all his time to the [illegible] work of the District exercise an efficient Control over the Taluk offices and see that the Deputy Commissioners orders are properly enforced.

7. In the Hassan District the Deputy Commissioner has been making over one of his Revenue Assistant Commissioners to help him in the disposal of these work in his office. I need not say that the necessity for a separate Divisional officer for H— has been apparent.

I have the honor to be
Sir
Your most obedient servant
W Wedderburn
